

Fireside Gathering Activities for Oct 19th, 2017

Well met, and welcome to the “Mana & Mettle Tavern”! Tonight’s activities include:

- Connecting to WiFi and Cash Donation
- Playing the Fireside Brawl
- Obtaining the warlock hero portrait Nemsy Necrofizzle
- Completing Fireside Quests
- Obtaining Tickets for Prize Draws
- Having Fun and Making New Friends!

Connecting to WiFi and Cash Donation

Simply connect to the “Mana&Mettle-5G” wifi service (no password), or if you have an older device that can only do 2.4GHz, then connect to “Mana&Mettle-2G” (no password). Please consider making a small cash donation to help offset costs of running the event.

Playing the Fireside Brawl

Ensure your device (laptop, tablet, phone) has location awareness enabled for the Hearthstone app to detect that you are present at the Mana and Mettle Tavern via cellular data plan or our free WiFi service to access the Fireside Brawl.

If you encounter any difficulties, please ask the Innkeeper or one of his assistants to help resolve the issue, or as a last resort provide a loaner device.

The tables have team numbers assigned where a team is made up of 3 players. Please check the matchup list on the whiteboard to see which other team you will be battling and introduce yourself and find out their Battlenet tags.

Player 1 will use their device and login with their account and start a Fireside Brawl with Player 1 on the opposing team. Once their hero is vanquished, let Player 2 sit in your spot to continue the fight, and again after they are vanquished, let Player 3 sit in your spot.

After that brawl is over, Player 2 will login with their device and start a Fireside Brawl with Player 2 on the opposing team who is logged into their device. Once vanquished, another team member will sit in their spot to continue the battle.

Finally, a third match will occur with Player 3 starting a Fireside Brawl logged onto their device with Player 3 on the opposing team logged into their device, and other team members taking over for those vanquished.

This rotation ensures all 3 players on the team will earn Nemsy Necrofizzle. Good luck to all, and feel free to collaborate with your teammates to make the battle a rousing brawl of 3 vs 3!

Nemsty Necrofizzle

Simply complete a Fireside Brawl (see previous section) while logged in with your account and the new warlock hero portrait will be enabled for you. Please be courteous and help the others in your team obtain theirs as well.

Completing Fireside Quests

Between games, feel free to do some of the fun little Tavern Quests we have prepared and collect the token cards to work towards redeeming for a fancy Blizzcon pin and Hearthstone lint screen cleaner cloth. Please see the Tavern Quest sheet for details.

Obtaining Tickets for Prize Draws

There are blue tickets that are awarded just for coming to this event, and also for completing Tavern Quests both for the first time and when repeating again. These blue tickets will give you a chance to win the random draws at the end of the evening for medium prizes of unique artisan items and smaller Blizzard store items.

There are red tickets that are awarded for completing the Fireside Brawl and for bringing a friend to the event. These red tickets will give you a chance to win the random draws for large prizes of more expensive Blizzard store items.

Feel free to browse the prize tables to see what could be won.

Having Fun and Making New Friends

Please enjoy getting to know other players, and maybe invite their Battlenet tag on your Hearthstone friends list. Please let the Innkeeper know how the event went for you, and see you at the next event, and remember to bring your friends!

This activity page brought to you by the "Mana and Mettle Tavern", visit any of the following for upcoming events:
