## TAVERN HERO QUALIFER TOURNAMENT RULES

Thank you for participating in our Tavern Hero Qualifier social gathering for all Hearthstone players, new or experienced, in the Kitchener-Waterloo-Cambridge-Guelph area at the **Mana & Mettle Tavern**.

To promote fairness, the tournament will operate under the following rules:

- Players must be physically present and registered in the bracket on Challengo
- Players must be 13 years or older as required by Blizzard
- All players use their 3 pre-chosen Standard decks, which must be from 3 different heroes, for the duration of the entire bracket
- Decks cannot be modified in any manner for the duration of the entire bracket
- Within a match, after each game won the winning player must switch to a different pre-chosen hero deck they have not yet won with in that match
- The match win occurs after one player has won 3 games i.e. one game won with each of their three pre-chosen hero decks (this may require playing 3, 4, or 5 games to achieve match win)
- Electronic card tracking programs are not allowed, however paper and pen can be used
- Advice from other people is not allowed during a match
- Any technical disruptions that result in a player being unable to play cards before their turn ends will result a restart of that game unless both players agree to continue
- No cheating of any kind

Wishing you much fun and luck with your Tavern Hero Qualifier battles!
